14.6 x 14.1 x 11.5 inch

- **Nett weight:** 5.578 lb
- **Gross weight:** 8.488 lb
- **Tare weight:** 2.910 lb
- **UPC:** 6 09585 12792 0
- **Number of products included:** 1
- **Packaging type:** Carton

Outer Carton

- **Outer carton (L x W x H):** 23.4 x 15 x 14.8 inch
- **Nett weight:** 11.155 lb
- **Gross weight:** 19.087 lb
- **Tare weight:** 7.932 lb
- **GTIN:** 1 06 09585 12792 7
- **Number of consumer packagings:** 2

Product highlights

Light effects

Using 16 million colors, the synchronized lighting system intensifies the gaming experience, washing gamers' viewing space with co-ordinated lighting. The screen is no longer the barrier between gamers and the action.

Light show with digital music

amBX is also about more than games. If it's time to party or unwind, the system responds to music and floods the room with a stunning coordinated light show. Alternatively consumers can change the mood of any room with a single color or series of lighting effects. Or, set their own lighting sequences with the speed, color and intensity controls in the easy-to-use interactive software.

Mood lighting

Be bold and create your own lighting creations with a palette of over 16 million colors. Create unique lighting designs that suit your mood or entertainment. Combine your lighting choice with music and you have your very own light show in the privacy of your own home.

Configure

An easy-to-use configuration manager enables a stress free set up. Simply indicate where you've placed the products around your room and the configuration manager will set the perfect level for each product.

Control and customize

Light, sound, the amBX fans and rumble pad are all controlled by the simple to use pop up control. It even offers a series of preset options. The more adventurous can customize the settings to create a bespoke system. Tune and balance sound and light to your specific needs to create the optimum experience for any room.
